

Wiltshire SEN Banding Thresholds – 2016

Social, Emotional and Mental Health Difficulties

In Wiltshire Children with SEN may have their needs met in one of three educational settings:

- Mainstream schools
- Resource bases or Enhanced learning Provision (ELP) which are part of mainstream school
- Special school

There is one banding system for all children/young people with SEN using 7 banding points.

1. Band zero
2. Lower band one
3. Upper band one
4. Lower band two
5. Upper band two
6. Band three
7. Band four

The table below shows how bandings relate to School/Academy settings.

School	Banding						
	0	Lower 1	Upper 1	Lower 2	Upper 2	3	4
Mainstream School	✓	✓	✓	✓	✓		
Resource Bases		✓	✓	✓	✓	✓	
ELP							
Special School		✓	✓	✓	✓	✓	✓
Independent Special School							✓

This document is particularly focused on children whose needs are met in **mainstream schools**. There are three possible bandings:

- Inclusion band 0 is for children with SEN whose needs can be met within the delegated funding to schools, also known by the Department of Education as element's 1 & 2. All children placed in a mainstream school attract Element 1 funding. In January 2016 this sum is £4,000. Element 2 is based on a formula of deprivation & numbers of vulnerable children in the previous school year. In January 2016 this sum is £6,000, roughly attributed to 1 in 75 pupils. This is part of the funding that comes to schools and academies at the start of the financial year and is a national approach. This is sometimes also referred to as the first 15 hours. This figure is intended to meet the needs of all children/young people on SEN Support (formerly School action & school action plus) & those with a Statement/ My EHCP who do not require additional funding. In addition this covers all those pupils who schools may decide needs a short term intervention, differentiation or support, but do not necessarily meet the threshold for SEN Support. As part of this new banding this will be referred to as the **delegated or notional funding**. Funding from Pupil Premium or Alternative Provision (Secondary) may also be appropriately used alongside this delegated funding and the banded funding where children and young people meet the eligibility criteria. For Pupils with SEMH the funding from Alternative provision and service from CAMS and transforming mental health will be particularly important
- Lower and Upper Band 1 is for children/young people with a statement/My EHC Plan who might formerly been identified with up to 12.5 additional hours of support under the named pupils allowance. Actions/adjustments to support children/young people at band 1 may include direct interventions with the child/young person and wider activity with groups, classes or whole school actions which achieve the objectives set out in a child/young person's statement/My EHC Plan.
- Lower and Upper Band 2 is for children/young people with a statement/My EHC Plan who might formerly been identified with up to 25 additional hours of support under the named pupils allowance. Actions/adjustments to support children/young people at band 2 may include direct interventions with the child/young person and wider activity with groups, classes or whole school actions which achieve the objectives set out in a child/young person's statement/My EHC Plan.

For Resource bases the main bandings to be used will be Upper and lower 1 and 2 and 3, named pupil allowance (NPA) may be appropriate in any band, but more likely to be lower bands, for special school all bands are appropriate, but with an expectation that higher bands will be more likely. There can be exceptions to this, but this reflects our current experience.

How to use this document

Column one on each table describes characteristics, abilities and disabilities, needs and concerns that relate to a child/young person's SEN. The following columns describe the responses, activities and resources which can be put in place to meet the child/young person's needs.

This document becomes relevant when a school, parent/carers and the young person are thinking about the support, adaptations and teaching approaches a child/young person needs to enable them to progress in their learning. There are five of these documents looking at different aspects of SEN, linked to chapter six of the **SEN Code of Practice 2015** which are underpinned by a baseline of policies, practices, teaching and management approaches;

- **SEN Provision baseline**
- **Communication & interaction banding**
- **Cognition & learning banding**
- **Social, emotional & mental health difficulties banding**
- **Sensory needs banding**

- **Physical and medical needs banding**

These banding documents should be used when you have taken forward or are in the process of assessing and observing a child/young person's needs. This may involve the Graduated Response (GRSS), other specialist assessments which are part of creating a plan at school level for a child or are part of a CAF, SEN Support Plan or My EHC Plan.

When considering whether a child needs additional funding this document can guide you; enabling you to appreciate what activities/adjustments can be taken forward before looking at additional funding and helping a school and the SEN panel agree the kind of activities and funding which may be appropriate to meet a child/young person's needs.

SEND Lead workers, SENCOs and The SEN Panel can use these banding descriptors to guide agreements on funding. When taking a child/young person's needs forward to panel these documents can be annotated to show the needs that you think a child/young person's has, the kind of activities/adjustments that are already in place and what might be the appropriate next action. These can be linked to objectives set on the EHCP or SEN Support documents.

The Role of banding

One of the key aims of banding is to expand discussion such that hours of a teaching assistant are not considered the only appropriate intervention. When a child/young person's EHCP is agreed there will not be a single commitment to hours but a commitment to a set of interventions described in the EHCP within a banded assessment and an appropriate school setting, thus increasing the specificity within an EHCP. This approach should be more transparent, as all partners can agree on the needs and appropriate responses. It will give Schools/Academies and Settings more capacity to meet the child/young person's needs and achieve the outcomes in the EHCP, rather than only providing hours of TA support. Thus the funding may enable a range of interventions, training, teaching assistant support (one to one/two or three etc.), specialist support and group activities with clear detail about how these will be delivered. The effectiveness of the EHCP or SEN Support plan will therefore rightly not be judged by the provision of a number of hours, but by the achievement of objectives.

The use of these bandings as a tool or resource ensures that the potential of band 0 is thoroughly explored before looking at bands 1 and 2. It also enables the SEN panel to develop equitable, consistent and transparent decision making.

These descriptors are drawn from a number of sources, including the former banding systems Wiltshire had for Resource bases, ELP and Special Schools, from descriptors used in York Council and from significant consultation and written text from SENCo's, SEND Lead workers, Specialist Advisory teachers and Education Officers from Wiltshire's Schools/Academies. The approach has also been discussed with parent/carers through consultation on the Wiltshire SEN strategy supporting Schools 2015/18.

Lower and Upper bands

Lower band one or two will be given when a child/young person meets some, but not all of the descriptors within a banding. Upper bands will be given where most or all of the criterion are met or where a child/young person presents with needs from more than one banding area, e.g. Communication and interaction and Social emotional and mental health. When looking at higher bands all the elements in the lower band should already have been considered.

All pupils with a My EHC Plan who are educated in a mainstream school (not in a resource base/ELP) will be identified with band 1 or 2 except in very rare circumstances (about 1%) where additional funding linked to objectives may be agreed.

Currently in Wiltshire we do not have Resource Bases or ELP focused on SEMH, but at Secondary level Downland School may be appropriate.

Funding	Descriptors	Assessment & planning	Wellbeing, Health & Transition	Teaching & learning strategies	Curriculum/interventions	Resources & training
<p>Inclusion Band 0 Element 1 & 2</p> <p>SEN Support</p>	<p>CYP has identified attachment or SEMH needs & is going through assessment</p> <p>The CYP can progress in mainstream with timely and appropriate interventions.</p> <p>In the GRSS documentation your assessment used the “occasional” & some “frequent” descriptors.</p> <p>The CYP experiences low level/low frequency difficulties with:</p> <ul style="list-style-type: none"> • following classroom routines • complying with adult direction • responding appropriately to social situations • forming and sustaining relationships with peers <p>These may be linked to events in their life which have a temporary or irregular impact on the child.</p> <p>The CYP may:</p> <ul style="list-style-type: none"> • have immature social/emotional skills e.g. difficulties with turn-taking, reciprocal 	<ul style="list-style-type: none"> • Use of the GRSS • Observations by class staff & SENCO are used with GRSS documentation • Clear interventions, approaches & teaching strategies are identified & monitored. • Pupil involved in setting & monitoring their own targets. This may be shared through body language, observations or other non-verbal/written methods • Parent/carers are actively involved & are engaged in supporting targets at home. • Advice is shared on successful strategies e.g. seating arrangements, position in classroom, preferred learning style. • There is specific assessment and planning to appreciate the CYPs experience of the impact of family and friends • The SEN Support Plan paper work is used to guide & document the process 	<ul style="list-style-type: none"> • The CYP is consulted about the help they would like • A one page profile is completed • Parents, carers & other family members are actively encouraged to contribute. • Where appropriate other professional are engaged to support the family environment e.g. PSAs, Triple P groups etc. • The CYP is enabled to express their views & feelings appropriately using methods other than words (e.g. symbols, mood charts, IPADS) • Plans are made for points of transition • Friendship groups, out of school activities, progression towards independent travel & wider interests are actively included in planning & interventions • Professionals from previous & future settings are involved in planning • There is an assessment of health including hearing, vision & diet. G.P views are included as appropriate. • There are positive messages shared with children & staff about how 	<ul style="list-style-type: none"> • The class teacher is accountable for the CYP progress • Information about the CYP’s difficulties are shared with relevant staff, in partnership with parents. • Advice & methods for successful strategies & targets are sought and delivered e.g. developing coping skills, TA support, behaviour management. • The child is given resources & approaches to support their learning which they can own & take into different settings in the school. E.g. my mat to sit on, emotion statements, worry boxes • Whole school or class strategies are utilised when appropriate, e.g. learning about symbols, how to handle difference, or strong emotions in social settings. • Adapting work schedules to allow for differentiated approaches N.B early morning opportunities to discuss what happened the day before. • Ensure that you give the CYP a “way through” when instructions or tasks may be difficult for them, particularly in social 	<ul style="list-style-type: none"> • Access to small group support planned & tailored to meet identified need; including good role models. E.g. problem solving skills, SEAL, Circle Time, self-esteem group, social speaking. • Learning tasks differentiated to identified outcomes. • Preparation for changes to activities, routines & staffing. • Peer mentoring or missed age group support. • Daily planning with opportunities for the CYP to recognise & communicate their feelings about the school day (emotion rating scale) • Checking pupils understanding of task & recording of work. • Supporting specific areas of difficulty e.g. assembly, RE, PE, outdoor play, moving between classrooms, forest schools etc. • Opportunities to explore personal interests e.g. after school clubs that cannot be brought into every class (e.g. a fascination with a cartoon character, game or subject). 	<ul style="list-style-type: none"> • Quality First teaching • Support/advice from SENCO. • Additional adults regularly used to support flexible groupings. • Access to targeted small group or intervention work with class TA/mentor • Use of ELSA (Emotional Literacy Support Assistant). • All staff have completed a minimum on-line training around attachment and nurture • All staff able to direct parents to support & help through WPCC. • Time for meetings with parents on a regular basis. • Targeted lunch time & after school clubs & opportunities e.g. Playpods, quiet rooms • Access to the SENDs teams & Behaviour team for advice. • Regular updating and awareness raising of anti-bullying practice

	<p>attention, sharing resources, etc.</p> <ul style="list-style-type: none"> • be socially isolated e.g. tends to be alone and has low-level anxiety in social situations • have low self-esteem which can result in low level bullying, attention seeking or withdrawal. • Have difficult family experiences that are hard to leave outside the classroom 	<ul style="list-style-type: none"> • There are on-going reviews of whether a full My EHCP is required 	<p>to support the child.</p> <ul style="list-style-type: none"> • Information is given to families about support & advice available, particularly through WPCC and Mental Health support groups. • Nurture and attachment approaches are actively understood and practiced by staff 	<p>situations.</p>	<ul style="list-style-type: none"> • Opportunities to vent frustrations and express pent up emotions • Anti-bullying is routinely addressed, attending to the precursors and low level situations and pupils are confident in reporting incidents • Restorative Practices (RP) approaches (or similar) are shared with the whole school 	<ul style="list-style-type: none"> • Staff have the opportunity to express their feelings and emotions around the child in a constructive listening environment • There is good working knowledge of the issues and support to Looked after Children.
