2024-2025 Class Structure

Dear Whitesheet Families,

I am writing to share our class structure for next academic year with you. Following an increase in pupil numbers, we have made the decision to prioritise our small class sizes and increase to 3 classes.

I am delighted to welcome Miss Sarah Lannin to our teaching team from September. I have included her picture along with a little information about her below and there will be an opportunity for you to meet her during her visits in July. Sarah impressed us with her kind nature, passion for teaching a broad curriculum and a different set of skills that she can bring to our team.

I have outlined the structure below minus class names as the school council are going to give pupils the opportunity to vote on renaming the classes. We are having one of the classrooms redecorated over the next couple of weeks which may inspire us! I have also included the outline of themes for next academic year for each group for your information.

After half term, there will be an opportunity for you to come in and talk to us about next academic year and ask any questions you may have. There has been a significant amount of work behind the scenes from advertising, financial planning, facilitating tours and I am grateful to all our staff for their efforts and the support we have had from DSAT. Thank you to you all for your on-going support and for championing our school within the wider community.

With my best wishes,

Emily Mullord

Meet Miss Lannin

"Hello, my name is Sarah Lannin and I am very enthusiastic to embark on my next chapter at Whitesheet. Prior to my degree, I worked as a primary school Teaching Assistant. Part of that time was during the pandemic, which brought its own set of challenges. I believe that teaching should be centred around kindness, compassion and embracing the individuality of each child. I have a passion for singing. I have been the President of Soul Choir Society at the University of Exeter. I also love acting and have participated in a variety of amateur dramatics productions over the years. I grew up in a village and loved participating in community activities. Fundamentally, I value the power of creativity and critical thought in the school setting. I can't wait to start my teaching career at this brilliant school!"
